

AREVA Med LLC SELECTS GOODWIN BIOTECHNOLOGY INC. AS A PARTNER FOR ITS NEW CANCER TREATMENT

USA - Plantation, FL, May 18th, 2009 – **Goodwin Biotechnology Inc.** (GBI) disclosed today that following its recent formation, **AREVA Med LLC** has decided to extend its collaboration with GBI toward the development of AREVA Med's lead-212 (212Pb) initiative to treat cancer. The operation previously engaged with AREVA will continue with AREVA Med and will result in the manufacture of a new conjugated drug that will be radiolabeled by the NCI. AREVA Med will benefit from the vast expertise in the nuclear industry from its parent company that allowed for the production of this radioisotope previously considered a scarce resource.

David Fischer, EVP of GBI, said “We are pleased to learn of the expansion of AREVA’s capabilities through the formation of AREVA Med and we are honored to have been selected as AREVA Med’s manufacturing partner for the production of their new radiolabeled cancer treatment”.

About Goodwin Biotechnology Inc.

GBI is one of the earliest contract manufacturing organizations (CMOs), established in 1992. GBI specializes in process development and cGMP compliant mammalian cell culture manufacturing of bio-therapeutics for pre-clinical studies and clinical trials. GBI's clients include small to mid-sized biotech companies throughout North America and Europe. GBI's USA customers include universities, renowned cancer research institutes and various branches of the U.S. government. GBI offers its clients the experience of an established US Contract Manufacturing Organization, and provides services in a fully integrated offering, including process development, cell banking, GMP manufacturing, conjugation, vialing, and distribution to the clinical trial sites. www.goodwinbio.com

About AREVA Med LLC.

AREVA Med LLC is a subsidiary of AREVA with manufacturing facilities in 43 countries and a sales network in more than 100 countries. AREVA offers customers reliable technological solutions for CO₂-free power generation and electricity transmission and distribution. AREVA is the world leader in nuclear power and the only company to cover all industrial activities in this field. Our 75,000 employees are committed to continuous improvement on a daily basis, making sustainable development the focal point of the group's industrial strategy. AREVA's businesses help meet the 21st century's greatest challenges: making energy available to all, protecting the planet, and acting responsibly towards future generations.
